

Activities Dedicated to Celebrate Hon'ble Chancellor Sir Birthday

10th November 2023

On 10th November 2023, the visit by Sai Ashram Children to SVL. DMMC was orchestrated to foster a spirit of mutual learning, cultural exchange, and community service. Following the pooja, the children were engaged in sessions highlighting the importance of oral hygiene and the significance of a balanced diet. Faculties and students shared informative sessions tailored to the children's understanding, focusing on health and well-being. Subsequently, the faculties and students reciprocated the visit by going to Sai Ashram. Activities included cooking food together, participating in the cleanliness drive of the ashram premises, and planting trees. This hands-on engagement aimed to instil values of service, environmental consciousness, and community involvement among the participants. A shared meal was organized, allowing the students and Ashram kids to dine together. Additionally, a birthday celebration for Hon'ble Chancellor Dattaji Meghe was observed, marked by cutting a cake in his honour, symbolizing unity, and shared celebrations. The joint activities at the Ashram encouraged a sense of responsibility toward community service, environmental conservation, and meaningful engagement with the Sai Ashram children
